

IMPORTANT INFORMATION ABOUT CHILD CARE AND DWP

- **What will happen to my child care when DWP ends?**

Plan ahead. Your DWP child care assistance ends when the DWP case is closed. If you are in a training program (ESL, FWL, GED or post secondary) you will NOT have any child care for these activities. If you continue to use child care after DWP ends, you will be expected to pay the child care provider with your own money.

- **What will happen to my child care when I move to MFIP?**

Plan ahead if you change from DWP to MFIP. DWP child care will end when the DWP case is closed. After MFIP is opened you will be referred to an MFIP provider. This may take a period of time. It does not happen in one day. You do not have child care assistance during this time frame and will be expected to pay for it from your own money.

After you meet with the MFIP job counselor and develop an Employment Plan (EP) you may be approved for MFIP child care assistance. Keep in mind the Employment Plan is completed after an assessment is made. The EP may or may not include training activities.

- **What happens if I don't go on MFIP after DWP?**

Plan ahead. Your DWP child care assistance ends when the DWP case is closed. If you are in job search or working, you may qualify for child care assistance. You must contact your child care worker to request this.

My DWP job counselor explained the above information to me and provided me with a copy of this sheet. I understand if I continue to use child care assistance AFTER my DWP case ends, I will be expected to pay for it.
