Placement Rate	14	8	10	4		36	84%*

Insulin Administration	27/33	Enrolled, Completed, and Passed					82%
------------------------	-------	---------------------------------	--	--	--	--	-----

- **HITE/HPOG** grantee contracted with MHA to develop an advisory committee for **HITE/HPOG** grant in Missouri.
- MHA recruited HR representatives from the major healthcare systems and companies operating skilled nursing facilities.
- MHA has now incorporated the training partners on to the committee to ensure demand is being identified in the market.

- It is our opinion that the success of the program in Missouri is directly related to the partnership of the workforce system, training partners and the healthcare companies via MHA.
- MHA now presenting the model to regions throughout the state who are not involved in **HITE/HPOG**.
