

WIOA Implementation: Where does TANF “fit” moving forward Rose, Bud, Thorn

Session Objectives

- Identify and share strategies for WIOA implementation from the TANF perspective and provide constructive feedback on implementation for TANF and its partners.
- Learn a design method that allow for teams to reflect or provide constructive feedback on positives (**rose**), opportunities (**bud**), and problems (**thorns**).

For the next 5 minutes...

Use post-it notes in the following colors

Rose = Positive

Bud =
Opportunity

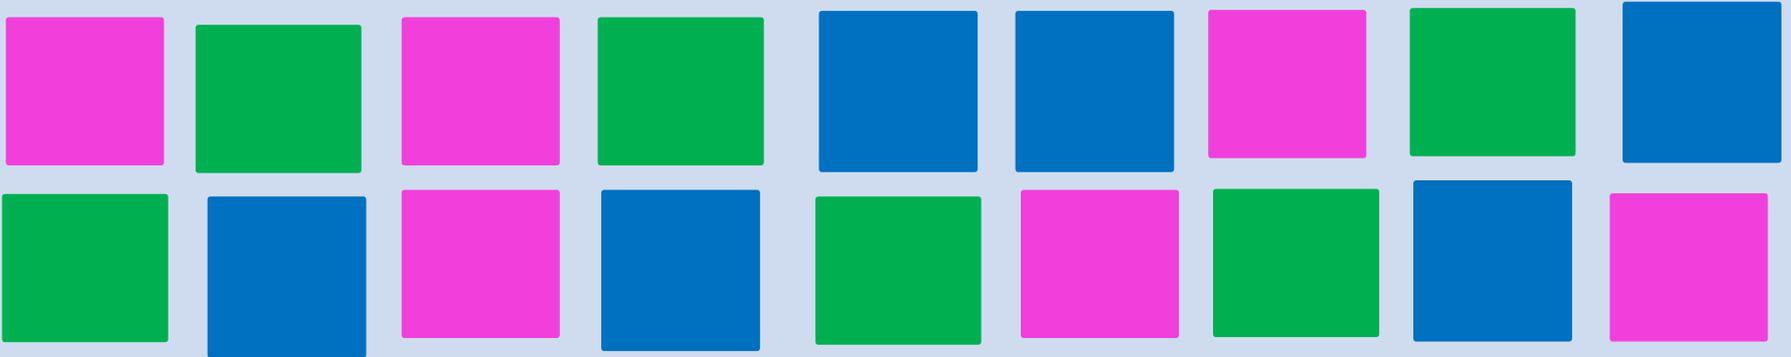

Thorn = Negative

to reflect on WIOA implementation.

Individually, identify successes, barriers and what American Jobs Centers can do to meet the needs of TANF clients.

For the next 10 minutes...

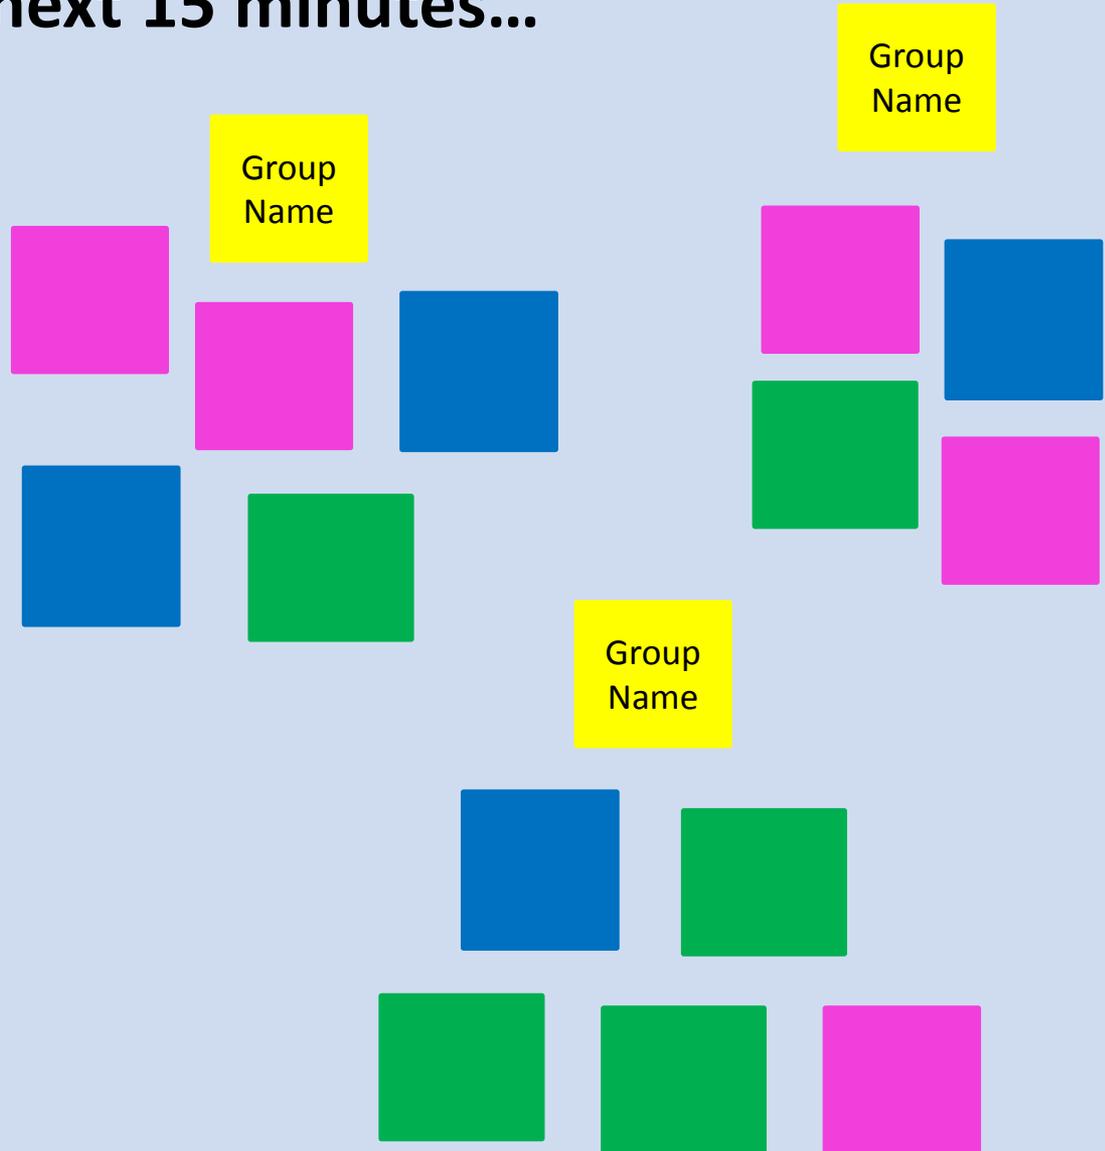

Each member of the table will share their post-it notes and place them up on a wall.

For the next 15 minutes...

As a table, begin to group post-it notes by common themes or patterns.

Then, give these groups names using yellow sticky notes.

For the next 20 minutes...

Select one group and complete the 'From...To' Exploration Sheet.

Aspects	Trends	From... →	To
issue/item	trend	what is now...	what might be...

- List the key aspects of the issue/item (**Aspects**)
- Identify trends related to project aspects (**Trends**)
- Describe current perspectives based on conventions (**From**)
- Describe new perspectives based on trends (**To**)
- **Discuss innovation opportunities**
