Ideas to Impact: Reflections & Goal Planning Worksheet

What has risen to the top for me over the past few days?	What outstanding questions do I have?	What is something I am taking away from a session that feels actionable?

<b>Goal</b> <i>One action I intend to take given something I learned...</i>	
<b>Outcome</b> <i>If I accomplished this, what would be the best possible result?</i>	
<b>Plan</b> <i>How will I accomplish this goal? What do I need to do? Where?</i>	
<b>Obstacle</b> <i>What is most likely to get in my way?</i>	
<b>Solution</b> <i>How will I overcome or avoid this obstacle?</i>
