Start Screening

### Complete Screening:

You have chosen to complete screening.

#### What Is Screening?

By completing the following self-screening questionnaire, you can find out what State benefits you may qualify to receive.

The screening questionnaire will ask you several questions about you and your family. The answers you provide will help us find ways to help you. To best assist you, please answer all the questions carefully. The screening process should take about 20 minutes to complete.

**Please note the results provided by the screening are not an official determination of your eligibility. To find out if your household is eligible to receive benefits, you must complete and submit a formal application for benefits. Each of the benefit programs has different eligibility requirements. After you fill out an application we may ask you for other information that may help us decide if you are eligible for the benefits.**

#### What Information Do I Need?

Before you begin, you may want to gather the following information to help you answer questions:

- **Household financial information, such as:**
  - Money spent on rent, house payments or utilities
  - Money in a cash or bank account
  - Income from a job or training
  - Payments for adult or child care
- **Information on benefits** you currently receive or have received in the past (for example, Medicaid, Medicare, Social Security, veteran's benefits, etc.)
- **Medical information** related to you and other members of your household.

***The information you provide on this website is secure and will be kept confidential.***

#### What Happens When I am Finished?

When you have completed the self-screening questionnaire, a results page will provide you a list of the benefits you/your household may be eligible to receive.

### What If I Want to Apply Now?

You do not have to fill out the screening questionnaire before applying. If you choose, you can go directly to the online application to apply for benefits.

To begin the screening, please click START SCREENING.
